VAC M 050

McGAW PLASTIC LARGE VOLUME PARENTERALS:

(Excel® is the trade name for the 250 mL, 500 mL, and 1000 mL size containers.)

(PAB® is the trade name for the 50 mL and 100 mL size containers.)

The Excel and PAB IV containers do not contain DEHP and will be compatible with drugs where this is of concern, such as TAXOL®. The stiff easy-grip saddle helps to eliminate needle stick injuries. For protection, the spike port has a tamper-proof seal attached. Packaged in an easy to remove overwrap, these containers are equipped with a large hanger tab.

2300583**CALL 1-800-482-6700**

In December 1991, the Occupational Safety and Health Administration (OSHA) issued a final standard regarding occupational exposure to bloodborne pathogens. This standard was designed to protect healthcare workers from the risks of contracting AIDS or hepatitis B as a result of workplace exposures to blood containing the human immunodeficiency virus (HIV) or the hepatitis B virus (HBV). In an office-based medical oncology practice, exposure to bloodborne pathogens results primarily from accidental needle sticks that can occur in the course of drawing specimens for blood tests, preparing and administering parenteral drugs, caring for intravenous catheters, and disposing of contaminated "sharps."

The standard mandates universal precautions to prevent contact with blood or other potentially infectious materials. Compliance methods include:

1. **Providing handwashing facilities** and ensuring that employees use them following exposure to blood or other potentially infectious materials.
2. Providing (at no cost to the employee) and **ensuring that employees use personal protective equipment** including gloves, gowns, face shields or masks, and eye protection. Hypoallergenic gloves, glove liners, powderless gloves, or other similar alternatives should be readily accessible to those employees who are allergic to the gloves normally provided.
3. Providing and ensuring that employees **use appropriate containers for disposal of contaminated, reusable sharps**. These containers must be puncture-proof and leak-proof on the sides and bottom, and appropriately labeled or color-coded. Shearing or breaking of contaminated needles is prohibited.
4. **Maintaining a clean and sanitary workplace**. The standard requires implementation of a written schedule for cleaning that specifies the method of decontamination to be used, in addition to cleaning, following contact with blood or other potentially infectious materials.
5. **Affixing warning labels**, including the orange or orange-red biohazard symbol, to containers of regulated waste and refrigerators, freezers, or other containers used to store or transport blood or other potentially infectious materials. Red bags may be used instead of labeling for handling materials within a facility that is using universal precautions in its handling of all biological specimens.

CYTOGUARD® AEROSOL PROTECTION DEVICE:

CytoGuard® is a device that is attached to a vial of drug by the user prior to introduction of diluent. It is designed to contain any aerosolization and to prevent its escape into the surrounding atmosphere. This provides an added measure of safety for the user of antineoplastic agents. The device, a molded plastic cap, is affixed to a vial by means of a plastic retaining ring, forming a liquid-tight seal against the stopper of the vial.

CATALOG NUMBER	ITEM	UNIT SIZE	ORDER QTY.	PRICE PER UNIT
561-003	CytoGuard® Aerosol Protection Device	1 each	10	2.75*

*Free with the purchase of any of the following Bristol-Myers Oncology Division products: Lysoprilized Cytosar® (cytophosphamide) For Injection, Mutamycin® (mitomycin) For Injection, 5-mg and 20-mg vials; Paraplatin® (carboplatin) For Injection; and VePesid® (etoposide) For Injection.

CytoGuard

CHEMO DISPENSING PINS:

Chemo dispensing pins are used during reconstitution of a powdered chemotherapy drug. The chemo dispensing pin prevents the aerosolization that is encountered during drug dispensing and compounding by filtering the air exiting the vial through a 0.2 micron hydrophobic filter.

561-000	Chemo Dispensing Pin (Oncoline® Adria)	50 ea./case	134.95
561-002	Chemo Dispensing Pin (Burront)	50 ea./case	139.50

**PROTECTIVE APPAREL:**

PARAGON INFUSER:

This reusable, mechanical infuser utilizes a precision spring mechanism and a floating pressure plate for constant flow rate. Noiseless, lightweight and small in size, it also includes a fluid level indicator. The infuser is made from plastic with stainless steel parts and can be used for both chemotherapeutic and analgesic infusions. Use only with PARAGON administration sets. A separate deluxe carrying case is available in black.

PARAGON Infuser

CATALOG NUMBER	ITEM	UNIT SIZE	PRICE PER UNIT
500-754	Ambulatory infusion pump	1 each	195.00
500-758	Carrying case	1 each	11.95

PARAGON ADMINISTRATION SETS:

These single-use administration sets include a round PVC IV bag with volume capacity of 110 mL, on/off clamp, luer connector, and 1.2 micron air-eliminating filter. Each set is approximately 50" long. For use with the PARAGON infuser only.

500-802	Administration set, 0.5 mL/hr	12 ea./box	251.40
500-803	Administration set, 1 mL/hr	12 ea./box	251.40
500-804	Administration set, 2 mL/hr	12 ea./box	251.40
500-805	Administration set, 4 mL/hr	12 ea./box	251.40

on cancer symptoms and treatment, support groups	
and resources for financial aid and transportation services.	
American Brain Tumor Association	
American Brain Tumor Association	300/886-2282
	707/827-9910 (in IL)
Provides information on brain tumors and treatment.	
American Cancer Society (ACS)	
American Cancer Society (ACS)	300/227-2345
Offers patient and family educational programs	
and raises money for cancer research.	

2300594

American Foundation for Urologic Disease	800/242-2383	Corporate Angel Network (CAN)	914/328-1313
Provides educational information about various urologic diseases.		Helps arrange free transportation to and from distant treatment centers using corporate aircraft that have empty seats during business trips.	
American Institute for Cancer Research	800/843-8114	Encore	212/614-2700
Provides information to help cancer patients cope with special nutritional needs and problems. Also has national cancer support group, "Pen Pals Support Network."		National YWCA discussion and exercise program for women who have had breast cancer surgery.	
American Lung Association	212/315-8700	Families Against Cancer (FACT)	315/446-5326
Local chapters have support groups for patients with lung disease (although not specifically for lung cancer).		A grassroots coalition in support of a new and more vigorous national policy on cancer.	
Better Together Club	800/422-8811	Hospice Link	300/331-1620
For patients with ostomies, created and funded by ConvaTec, an ostomy supply firm.		Offers information about hospice care and can refer cancer patients and their families to local hospice programs.	203/767-1620
Biological Therapy Institute Foundation	615/790-7535	International Association of Cancer Victors and Friends, Inc.	310/822-5032
Provides information regarding the use of biopharmaceuticals in cancer therapy.		Supports independent research for cancer therapies and provides information on role of nutrition in cancer.	
Bone Marrow Transplant Family Support Network	800/826-9376	International Association of Laryngectomees	404/329-7561
Provides support for families coping with bone marrow transplants.		Provides information and support for pre- and post-laryngectomy patients.	404/329-7622
Bone Marrow Transplant (BMT) Newsletter	708/831-1913	International Myeloma Foundation	300/452-CURE
Provides information about bone marrow transplant procedures, insurance, and psychosocial aspects of recovery.		Promotes education and research in the treatment and/or prevention of myeloma.	
The Burger King Cancer Caring Center	412/622-1212	Jonanna's On Call to Mend Esteem	518/482-4178
Provides emotional support for cancer patients and their families.		Renal rehabilitation nursing service for patients with cancer.	
CAN ACT (Cancer Patients Action Alliance)	718/522-4607	Leukemia Society of America	300/955-4572
Advocates increased access to treatment for cancer patients.		Provides patient/family support groups, educational materials, and financial assistance for outpatient chemotherapy.	
CANCERFAX*	301/402-5874	Look Good, Feel Better	300/395-5665
Receive the most current cancer treatment information from the National Cancer Institute. Information is available 24 hours a day, 7 days a week in English and Spanish. Updated monthly.		Joint venture of ACS National Cosmetics Assn. and Cosmetic, Toiletry and Fragrance Association; provides educational services on enhancing personal appearance of people recovering from cancer.	
Cancer Care, Inc.	212/302-2400	Lymphoma Foundation of America	202/222-6181
Counseling and financial support.		Provides phone referrals for patients to self-help groups, peer counseling and advocacy.	
Cancer Conquerors Foundation	300/238-6479	Make Today Count	300/432-2273
Offers cancer survival training programs and self-study materials with specific emphasis on body/mind/spirit integration.		A mutual support organization for persons with a life-threatening illness.	
Cancer Federation, Inc.	714/682-7989	Mv Image After Breast Cancer	703/461-9616
Funds cancer research programs.		Maintains a 24-hour HOPEline staffed by breast cancer survivors to provide current, medically approved information to women newly diagnosed with breast cancer, or concerned about breast disease.	
Cancer Guidance Hotline	412/261-2211	National AIDS Clearinghouse	300/458-5231
Links callers with trained volunteers who have experienced cancer themselves or within their families.		Resource for information on HIV/AIDS programs, services and materials.	
Cancer Information Line	310/490-7392	National Alliance of Breast Cancer Organizations (NABCO)	212/719-3154
Provides information on cancer risks, screening, diagnosis, treatment and support.		Resource for information on breast cancer detection and treatment.	
Cancer Information and Support	300/221-2141	National Bone Marrow Transplant Link (BMT Link)	300/LINK-BMT
Provides information and peer support to patients with breast cancer.		Reduces the burden of those affected by bone marrow transplantation and promotes public understanding.	
Cancer Information Service	300/422-6237	National Brain Tumor Foundation	300/934-2873
Information on cancer causes, prevention, detection, diagnosis, treatment, rehabilitation and research; supported by the National Cancer Institute.	(800/4-CANCER)	Supports research on causes of and treatments for brain cancer.	
Cancer Support Network	412/361-8600	National Cancer Institute	300/422-6237
Provides emotional and psychological support through support groups, educational programs, community workshops, advocacy, and social gatherings.		Provides information on a range of cancer topics.	301/496-3583 (in MD)
Cancervive	213/203-9232	National Cancer Survivors Day (NCSO)	615/790-2400
Assists cancer survivors to face and overcome the challenges of "Life After Cancer."		America's nationwide, annual celebration of life for cancer survivors, their families, friends and oncology teams. NCSO is celebrated on the first Sunday in June of each year in communities throughout America.	
ChemoCare	300/55-CHEMO	National Chronic Pain Outreach Association	301/652-4948
Provides one-on-one support to people undergoing chemotherapy and/or radiation treatment from volunteers who have survived the treatment themselves.	308/233-1103 (in NJ)	Provides listings of pain support groups, pain management professionals, and pain clinics nationwide.	
Chemotherapy Foundation	212/213-9292		
Supports development of improved cancer drug therapy through education and grant support for basic research.			
Choice in Dying	212/366-5540		
Provides information on the living will, durable power of attorney, and advice and counseling (legal and personal) regarding terminal-care decision making.			

National Coalition for Cancer Research (NCCR)	202/544-1880
Educates the public and elected officials about the need to provide a supportive environment for the successful implementation of the National Cancer Act.	
National Coalition for Cancer Survivorship (NCCS)	301/650-9127
Coalition of organizations working in areas of cancer support and survivorship.	
National Consumer Insurance Helpline	800/942-4242
National Health Information Center	800/336-4797
Telephone referral service with comprehensive database of organizations and resources dealing with various health issues, including all forms of cancer.	
National Hospice Organization	800/658-8898
Provides information about hospice care to patients and families; also referral to local, regional and national resources.	
National Kidney Cancer Association	708/332-1051
Provides information, sponsors research, and acts as an advocate on behalf of patients with kidney cancer.	
National Lymphedema Network	800/541-3259
Provides information on the prevention and management of primary and secondary lymphedema.	
National Marrow Donor Program	300/627-7692
Keeps registry of potential bone marrow donors.	
National Self-Help Clearinghouse	212/642-2944
Provides information on local self-help groups and resources.	
Oley Foundation	300/776-6539
Provides patient/family support groups for consumers of home parenteral and/or enteral nutrition therapy.	
Patient Advocates for Advanced Cancer Treatments (PAACT)	616/453-1477
An association for both patients and physicians for diagnostic and therapeutic treatments of prostate cancer.	
PDQ (Physician Data Query)	300/4-CANCER
The National Cancer Institute's computerized listing of up-to-date information on the latest types of cancer treatments, research studies, and clinical trials.	
Pharmaceutical Manufacturers Association	800-PMA-INFO
Up-to-date directory of company programs that provide drugs to physicians whose patients could not otherwise afford them.	
Pull-Thru Network	708/665-1293
Provides information and support groups for parents of children with ostomies.	
The Rainbow Foundation for Brain Tumor Research	914/928-3633
Funds research on causes and treatment of brain tumors and provides support group network for patients and families.	
Share: Self-Help for Women With Breast & Ovarian Cancer	212/382-2111
Promotes increased attention to and resources for the prevention and treatment of breast and ovarian cancer.	
Skin Cancer Foundation	212/725-5175
Clearinghouse for information on the prevention and treatment of melanoma and other skin cancers.	
Spirit and Breath Association	708/673-1234
Provides telephone counseling/networking for patients with lung cancer.	
Susan G. Komen Breast Cancer Foundation	300-I'M AWARE
Supports research, education, screening and treatment of breast cancer.	
United Ostomy Association	714/660-8624
Provides information to and visits patients with ostomies.	
The Wellness Community	310/314-2555
Provides free psychosocial support to people recovering from cancer.	
Y-ME National Organization for Breast Cancer Information and Support	300/221-2141
Provides information and peer support to patients with breast cancer.	

PATIENT INFORMATION & SUPPORT - PEDIATRIC

Association for the Care of Children's Health	301/654-6549
Provides information for healthcare professionals and parents coping with children with chronic and life-threatening illnesses.	
Association for Research of Childhood Cancer	716/681-4433
Provides support group for parents of children with cancer, and funds pilot projects in cancer research.	
Candlelighters Childhood Cancer Foundation	301/657-3401
Provides self-help and support groups for parents and families whose children have or have had cancer.	
Children's Hospice International	703/684-0330
Hotline	
Provides support network for dying children and their families.	
Ever Forward Foundation, Inc.	503/224-9207
Children with cancer are eligible to become members of the Kangaroo Klub, which provides age-appropriate communication and encouragement.	
Federation for Children with Special Needs	517/482-2915
Headquarters of the "National Parent Resource Center Project" to assist and ensure collaboration between healthcare professionals and parents.	
The Kids on the Block, Inc.	300/368-5437
Provides educational programs using child-sized puppets to teach children about cancer and pediatric care.	
Make a Wish Foundation of America	800/722-9474
Fulfills the favorite wish of a child under the age of 18 with a life-threatening or terminal illness.	
Ronald McDonald Houses	312/936-7334
Provides place for children and their parents to stay during the child's hospital treatment.	
SKIP (Sick Kids Need Involved People)	212/421-9160
Provides case management and advocacy services to families of children with complex healthcare needs.	
UNIVERSITY OF CALIFORNIA AT SAN FRANCISCO SCHOOL OF PHARMACY	
M. D. Anderson Cancer Center, Drug Information	713/792-2555
Memorial Sloan-Kettering Cancer Center, Drug Information	212/639-7552
University of California at San Francisco School of Pharmacy, Drug information	415/476-4246

By ordering or accepting any goods, you agree to the following terms and conditions.

New Accounts: You may establish an account with Oncology Therapeutics Network (the Network) by calling toll-free to 1-800-482-6700 and providing an account representative with proof of license (a copy of the DEA license or state medical license must be on file with the Network). Subsequently, you will be required to submit a completed, signed membership application via mail or fax.

All orders are subject to acceptance by the Network or its agents at its principal place of business.

Shipping: Items are shipped prepaid by the Network. Orders for \$100.00 or more are shipped free of charge. Orders for less than \$100.00 are subject to a \$15.00 service charge. (This charge does not apply to back-ordered items.) Drug items are shipped via overnight delivery to arrive no later than 3:30 p.m. the next business day. Refrigerated items or products are not shipped over weekends or holidays. Supply items are shipped via ground courier to arrive in two to three days. Expedited delivery is available upon request for \$10.00 as follows: Drug orders are shipped to arrive by 10:30 a.m. the next business day and supply orders are shipped via 2nd day air service. Notwithstanding the above, the Network's only obligation is to make reasonable commercial efforts and, in any event, it cannot be responsible for matters beyond its reasonable control. The above delivery schedule may not be available in certain geographic areas.

Title to merchandise passes to the buyer upon delivery by the carrier. The responsibility of the Network for the merchandise ceases when shipment is delivered and accepted.

Product Availability: Items in stock are available for immediate shipment. In the event of excess demand or short supply, the Network may allocate its inventory among its members as it deems appropriate. The Network shall not be liable for failure to fulfill any order or to perform under any contract due to strike, fire, unavoidable accidents, inability to obtain supplies, contingencies of manufacturing or other causes beyond its control. We reserve the right to discontinue and withdraw from the marketplace any product, product size or packaging at any time

without further obligation on the part of the Network.

Payment Terms: You will have 75 days from the date of invoice to pay in full for your purchases without incurring finance charges. Purchases that remain unpaid past their due date incur finance charges based on the outstanding balance calculated from the due date until paid at an Annual Percentage Rate of 12% (8.5% in Alaska and Arkansas and 8% in Minnesota) or, if lower, the maximum rate permitted under applicable law. In the event of any overpayment of finance charges, such overpayment shall be applied to the remaining portion of your balance or returned to you. If back payments are due, current orders will not be shipped until payments are received. The Network reserves the right to maintain a credit limit on all accounts.

Price Changes: Prices listed are those in effect as of the date of this *Sourcebook*. Prices are subject to change without notice. Prices billed are the prices in effect at the time the order is accepted by the Network.

Damages and Claims: Inspect all shipments immediately upon arrival. If you find broken or damaged goods, notify the Network by phone within five days of receiving the shipment, so that we may arrange for pickup and replacement.

Returned Goods Policy:

1. The Network reserves the right to determine the eligibility of products to be returned for credit. Returns are subject to final review and evaluation by the Network, and will be processed in accordance with the returned goods policy in effect at the time the product was ordered.
2. All returns made to the Network must be accompanied by an itemized Return Materials Authorization Form and a signed statement that ensures that products were stored according to manufacturer specifications. A Return Materials Authorization Form can be obtained by calling the Customer Service Department at 1-800-482-6700.
3. All returns must be shipped directly to the Network (c/o OTNJV, LP, 11698 San Marino Street, Rancho Cucamonga, CA 91730). Sales representatives are not authorized to pick up merchandise.
4. Credit for returns will not be issued for product sold with the specific designation that it is non-

returnable. Before placing orders, please refer to the Network *Sourcebook* for specific items that are not eligible for credit and/or return.

5. Because product storage conditions are not within our control once product leaves our facility, the Network has a "No Returns" policy on refrigerated items. Therefore, no credit for returns will be issued for refrigerated products.

6. Product not purchased from the Network will not be accepted for credit and/or return.

7. Expired product may be returned for credit only with prior authorization from the Network. Under no circumstances will credit for returns be issued for products beyond one year of the expiration date.

8. Supply items, except those shipped in error, are not eligible for credit and/or return.

9. Special Order items (i.e., items not listed in the Network *Sourcebook*) are not eligible for credit and/or return.

10. This returned goods policy applies to purchases in the original manufacturer's packaging and in the manufacturer's minimum quantity. Product that has been repackaged or is otherwise known as distressed merchandise, or product not in the original container, is not eligible for credit and/or return.

11. Please notify the Customer Service Department, at 1-800-482-6700, of damages or shortages within five days of delivery, and note the damage or shortage on all delivery receipts or freight bills. Sign only for products actually delivered.

12. The Network will issue credit for authorized returned goods within 30 days of receipt by the Network. No deduction can be taken prior to that time.

13. Returns not due to the Network's error will be subject to a \$25.00 handling fee.

14. The Network reserves the right to amend this policy by notification of the purchaser.

Purchase for Own Use: Sales are made with the express understanding and agreement that merchandise is purchased for sole use in the purchaser's medical practice, and is not intended to be sold or transferred by members for further sale or resale by retailers, wholesalers or other parties.

Sales Taxes: We are required by law to collect sales tax in certain jurisdictions. If appropriate we will, therefore, add the proper amount of tax (state, and, if any, local and transit) to your order.

Liability: The Network will not be liable under any contract, negligence, strict liability or other theory for any special, indirect, incidental or consequential damages or costs of procurement of substitute goods or services in connection with the subject matter of these terms and conditions or any products or the use, delivery or failure or delay of delivery thereof. The Network is not liable to any member for any loss, claim, or damage resulting from products or the use, delivery, or failure of delivery thereof, and the members hold the Network harmless for any such loss, claim, or damage.

Warranty Disclaimer: The Network does not manufacture or test the products it distributes. The manufacturer of the products may warrant certain aspects of the products. Network Dollars Program Multiplies Your Savings

Receive a 5% credit in Network Dollars every time you purchase VePesid® For Injection or Lyophilized Cytoxan®. Then apply your credit toward the purchase of any other drug or supply item in this *Sourcebook* (with the exception of Bristol Laboratories and Mead Johnson oncology products). It's that simple.

Call your Network account representative for your balance and for suggestions on how to apply your Network Dollars.

Network Support for Manufacturers' Programs

The Network is participating in Glaxo's Zofran® Injection Discount Program and Amgen's Neupogen® Physician Program. As a participating distributor, we will provide service to your practice according to the terms of the agreement(s).

Both Zofran and Neupogen are eligible items in the Network Dollars program.

The 5% credit you earn with all of your VePesid For Injection and Lyophilized Cytoxan purchases can be applied to your purchases of Zofran and Neupogen.

Call your account representative for more details.

Ortho Biotech has revised its Procrit® Rebate Program to physician office accounts as follows:

DESCRIPTION	ORDER QTY	REBATE AMOUNT
Procrit® 2000 units/mL	6/box	0.00
Procrit® 3000 units/mL	6/box	0.00
Procrit® 3000 units/mL	25/box	0.00
Procrit® 4000 units/mL	6/box	2.00
Procrit® 4000 units/mL	25/box	2.00
Procrit® 10000 units/mL	6/box	7.60
Procrit® 10000 units/mL	25/box	9.50

Rebates will no longer be offered on the 2000 units/mL and 3000 units/mL sizes.

Rebates for the 4000 units/mL and 10000 units/mL sizes will still be taken directly off Network invoices. Effective through December 31, 1994.
